SAFETY PROTOCOL

D'monte's school grounds are health, safety and baby proof. Our new custom designed facility houses teaching aids, toys and playground equipment.

Our school grounds are kept clean and safe throughout the school day.

Our staff are trained in first aid procedures and safety drills.

Our school also encourages that children are getting the daily intake of nutrients needed for them to grow healthy.

MISSION

D'monte School is a family school built on strong values; the building blocks for a good foundation and integration of faith for the future.

VISION

To teach is to touch lives forever.
